- To express our concern to the environment,
- To beautify the areas for scenic beauty
- To promote environmental values and Institutional Social responsibility.
- To make the students aware about the importance of planting trees and restoring depleted & degraded land.

## REPORT ON:-TREE PLANTATION CAMPAIGN - (24/05/2023)

On the occasion of Silver jubilee week of MUHS University, successful completion of 25 years of establishment, Godavari College of Nursing, Jalgaon, conducted "Tree Plantation Campaign", in the college premises.

It was 24<sup>th</sup> May 2023, at 05:00 pm, Godavari College of Nursing, Jalgaon organized a program to plant 25 saplings and young trees of peepal & banyan to celebrate the University Establishment day.

The objective of this event is to teach students, that, future mankind depends on the way we interact with our environment and the way we handover a healthy and resourceful environment to the future generation, also to express our concern towards the environment.

This was a great initiative to make our atmosphere neat and clean. By tree plantation, we can develop a climax ecosystem free of greenhouse gases to reduce global warming, and also we can beautify the areas for scenic beauty.

Students and were asked to reach towards the site at 5'0 clock.

The event started by planting the first sapling in the College garden with a group of students. Then after, students have planted 25 trees.

Plants were purchased from the Patil Nursery of Agriculture Institute. About 25 plants were planted by the students at our campus and then subsequently watered.

The main purpose of this event was to enhance awareness about the importance of tree plantations and to promote environmental values and Institutional Social responsibility.
